1. Cut the cardboard spindles from toilet tissue or paper towel roll into 2 1/8" segments. ☐
2. Print this page out. Paper works but I like to use cardstock. ☐
3. OPTIONAL: Color this page using colored pencils. ☐
4. FOR CAPS: Cut out the circles. Snip the white lines around the edges. Fold the tabs over. Glue onto the ends of the tubes. Fold in the sides of the strips and glue them flat. ☐ Glue the strips around the cardboard tube. ☐
5. FOR RINGS: Glue the strips over cardboard tube segments. ☐

2 1/8"

TIP: Start gluing from these ends.
