CONGRATULATIONS

AVALON HILL

On making it this far!

25 Years!

Have we got a story to tell!

*From the very first day of operations in a
Catonsville garage to the present 180,000 square foot
facility, the author tells all.*

*It's not the traditional rags to riches story. It's more
like True Confessions; an insider's exposé of the behind-
the-scenes activity . . . what were the successes and
failures . . . who the people were that really made
Avalon Hill what it is today!*

*And for the Collector, it's got full-color pictures of
all the "old" games; the ones that have long since been
discontinued and command upwards to \$100 in the
collector's market.*

It dispells some myths.

It gives credit where credit is due!

*It's Avalon Hill's 25th Anniversary Silver Jubilee
Book!*

*To be unveiled July 14 at ORIGINS '83, the national
gaming convention.*

*Available FREE with the purchase of TACTICS . . .
the original land battle game to be re-issued in July
with a new, never-before-published mapboard as
Avalon Hill's 25th Anniversary commemorative game.*
